

# ❄️ December ❄️ Garden Checklist

---

- Clear out any dead/dying plants (and compost if possible).
- Direct Compost in any beds going unused until spring.
- Cover unused beds with mulch or a thick layer of leaves .
- Clean Gardening Tools (Tutorial coming!).
- Clean any pots or seed trays (Tutorial from Gardening Know How).
- Feed fall crops (do this every 6 weeks during the growing season).
- Water fall crops during dry spells.
- Order seed catalogs (Tis the season!).
- Organize seeds and determine what you will need for spring.
